# About

This document was created only for informational purposes. All the information was obtained from the official website of IEEE i.e. [www.ieee.org](http://www.ieee.org).

The prices mentioned throughout this document are in US dollars (USD). The prices may vary for different membership grades (IEEE offers the following grades of membership: *Student, Graduate Student, Associate, member, Senior member, and Fellow*). For further info on membership grades, [click here](#)

The prices mentioned in the document are for full year membership which will be from Sept'23 to Dec'24. Half yearly pricing, if possible, will be between 1 March and 15 August 2024.

This document mentions about the 6 IEEE & Special Interest memberships/subscriptions, 39 Societies, 8 Councils, 151 Technical Communities and 270 Publications. Due to vastness of content, brief and pricing for [Technical Communities](#) and [Publications](#) are not provided.

This document was created by Priyansh S. Kalathil, Membership Development Officer, IEEE BVM SB. If any queries or if there is any information on this document which you feel is wrong then please contact at below provided contact information.

# IEEE and Special Interest Memberships

## IEEE Consultants Network Membership

IEEE Consultants Network Membership provides IEEE members with the option of subscribing to a global consultants network. This subscription also provides networking opportunities with other IEEE consultants. In addition, subscribers will be provided with informational updates on consulting activities and will be eligible to join the IEEE Consultants Exchange online community in IEEE Collabratec™.

IEEE Consultants Network Membership is available to new and existing IEEE members at no additional charge.

### Web sites:

<http://www.ieeeusa.org/business/>

<http://ieee-collabratec.ieee.org/app/community/71>

### Membership includes:

- Quarterly Consultants Newsletter
- Invitation to IEEE-USA Consultant Webinars
- Participation in local Consultants Network
- Access to the IEEE Consultants Exchange in IEEE Collabratec

### Technical communities:

[Browse technical communities](#)

### IEEE Member Prices

IEEE member	US\$0.00
IEEE Student member	US\$0.00

## IEEE Consultants Network Membership Premium

The main feature of the IEEE Consultants Network Membership Premium subscription is that it allows consultants to post their business profile or resumes in an online searchable website. The IEEE-USA Consultant Finder is a central location where consultants can create public profiles containing their expertise and contact information. Clients and businesses searching for electrical engineering consultants are able to access this public site and use different search features to find the right consultant. Also, the IEEE-USA Consultant Finder also allows web crawlers like Google, Yahoo or Bing to locate these consultant profiles. The IEEE-USA Consultant Finder allows national companies to find consultants wherever they are.

Included with your listing comes a free subscription to the IEEE-USA Consultants Newsletter, a free IEEE-USA eBook on consulting, access to free training webinars and eligibility to join the IEEE Consultants Exchange online community in IEEE Collabratec®. This is a high value service - a single referral would pay for your annual subscription.

Once you purchase the IEEE Consultants Network Membership Premium, you can manage your consultant profile and make accessible to all in the IEEE-USA Consultant Finder.

### Websites:

[IEEE-USA Consultant Finder](#)

[IEEE-USA Consultant Resources](#)

[IEEE Consultants Exchange](#)

### Subscription includes:

- A profile listing in the IEEE-USA Consultant Finder
- Invitations to webinars addressing consultant issues
- One free IEEE-USA E-Book on a consulting topic (provided in September)
- Access to the IEEE Consultants Exchange in IEEE Collabratec
- Non-IEEE member
  - US\$149.00
- IEEE member
  - US\$99.00
- IEEE Student member
  - US\$99.00

## IEEE Membership

IEEE is the leading professional association for the advancement of technology. With more than 400,000 members in more than 160 countries, IEEE is the world's largest technical professional society. Through its global membership, IEEE is a leading authority on areas ranging from aerospace systems, computers and telecommunications to biomedical engineering, electric power, consumer electronics, and many other technical areas. Members rely on IEEE as a source of technical and professional information, resources and services. To foster an interest in the engineering profession, IEEE also serves student members in colleges and universities around the world, advocates for the profession and helps to introduce technology careers to young people worldwide.

### Website:

<https://www.ieee.org/membership/index.html>

**Membership includes** subscription to *IEEE Spectrum* magazine which includes *The Institute*, electronic access to *IEEE Potentials*, IEEE Collabratec, inclusion in the IEEE Member Directory, members-only IEEE.tv programming, an exclusive ieee.org email account, discounts on products and services, continuing education, philanthropic opportunities, and more. Plus, you are automatically a part of your local IEEE Section and will receive communications about local networking opportunities, meetings, and special events.

### IEEE Membership Prices

Professional - Traditional

**US\$167.00**

Professional - Electronic

US\$89.00

Student Member

US\$27.00

IEEE offers a special electronic-only membership option, at a reduced dues rate, for individuals who reside in developing countries. By choosing the e-membership option at a reduced dues rate, you will receive electronic versions of your membership card, *IEEE Spectrum* and *The Institute* publications.

## IEEE SIGHT

IEEE Special Interest Group on Humanitarian Technology (SIGHT) provides the opportunity to work with a large network of volunteers around the world carrying out and/or supporting impactful humanitarian activities on the local level.

IEEE SIGHT focuses on sustainable solutions that make a long-term difference in the lives of people. SIGHT operates through local volunteers and partners working with local communities. For more information on how to get started with IEEE SIGHT, please reference the [IEEE SIGHT Toolkit](#).

Membership in IEEE SIGHT is available to all customers at no additional charge.

### Membership includes:

- IEEE Humanitarian Technologies Board (HTB) monthly newsletter providing the latest updates on IEEE humanitarian technology activities  
First notice of HTB and SIGHT funding opportunities (including calls for project proposals) and events
- Increased connectivity with the SIGHT Steering Committee (SSC), SIGHT staff, and the large network of like-minded volunteers

### Website:

<http://sight.ieee.org/>

### IEEE Member Prices

Non-IEEE member	US\$0.00
IEEE member	US\$0.00
IEEE Student member	US\$0.00

# IEEE Standards Association Individual Membership

IEEE Standards Association Membership (IEEE SA) empowers individuals to shape the future of technology in global communications, commerce, and safety while advancing professional stature among peers. Members represent technological innovation, global participation, and dedication to the on-going advancement and promotion of new concepts. IEEE SA continues to be proactive in meeting industry needs and responsive to worldwide standards issues.

Pricing and availability of certain memberships and subscriptions vary by country. Your price may change based on your location.

## Website:

<http://standards.ieee.org/membership/>

**Membership includes** unlimited Balloting on Individual Projects, Working Group Chair Eligibility, Voting Rights for Governance in IEEE SA, IEEE SA Newswire, and a 10% Techstreet Discount.

Non-IEEE member	US\$297.00
IEEE member	US\$66.00
IEEE Student member	US\$26.00

# Prices are halved for India

## IEEE Women in Engineering Membership

IEEE Women in Engineering (WIE) is one of the largest international professional organizations dedicated to promoting women engineers and scientists, and inspiring girls around the world to follow their academic interests in a career in engineering. The mission of IEEE WIE is to facilitate the recruitment and retention of women in technical disciplines globally. IEEE WIE envisions a vibrant community of IEEE women and men collectively using their diverse talents to innovate for the benefit of humanity. Membership is free to Life Members, Student and Graduate Student Members.

WIE is available to new and existing IEEE members only. Before joining WIE, existing members must renew their IEEE Membership for the current year.

Learn more about the WIE International Leadership Conference that provides leading-edge professional development sessions focusing on leadership, innovation, technology, and entrepreneurship that aims to inspire and advance mid-level and senior technical professionals globally.

### Website:

<https://wie.ieee.org/>

Membership includes WIE Magazine (bi-annually), electronic access to the WIE Membership Directory, and WIE Newsletter.

WIE offers electronic membership at a reduced dues rate for individuals who reside in developing countries. Discount is applied automatically when electronic membership is selected in the membership application.

IEEE member	US\$25.00
IEEE Student member	US\$0.00
Non-IEEE member	Not Offered

# Prices are halved for India

## IEEE Young Professionals

IEEE Young Professionals is an international community of enthusiastic, dynamic, and innovative members and volunteers. IEEE is committed to helping young professionals evaluate their career goals, polish their professional image, and create the building blocks of a lifelong and diverse professional network.

Affiliation with IEEE Young Professionals is open to Graduate Students and higher-grade members with early career interests at no additional cost. IEEE Young Professionals provides career advantage resources and helps members leverage the power of the global network through its expanding Affinity Groups and volunteer opportunities.

### Website:

<http://www.ieee.org/yp>

**Membership includes** access to the global IEEE Young Professionals network and events. Webinars on professional development, technical topics, and humanitarian initiatives. Monthly tools and tips introducing career based products and new focus areas of the Young Professionals.

Non-IEEE member	Not Offered
IEEE member	US\$0.00
IEEE Student member	Not Offered

# Societies

## IEEE Aerospace and Electronic Systems Society Membership

Interests cover the organization, systems engineering, design, development, integration, and operation of complex systems for space, air, ocean, or ground environments. These systems include but are not limited to navigation, avionics, mobile electric power and electronics, radar, sonar, telemetry, military, law-enforcement, automatic test, simulators, and command and control. Popular sponsored conferences include the annual Aerospace Conference and the annual Radar Conference. If you wish to purchase additional copies of publications included in your membership, please visit the [IEEE Contact Center](#).

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).  
**New for 2024: Join more than one IEEE Society and receive a 5% discount.**  
[Learn more.](#)

**Website:**

<http://www.ieee-aess.org>

**Membership includes** IEEE Aerospace and Electronic Systems Magazine (electronic), Society newsletter (electronic), and Journal of Lightwave Technology (electronic).

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

IEEE member	US\$25.00
IEEE Student member	US\$5.00
Non-IEEE member	US\$106.00

## IEEE Antennas and Propagation Society Membership

Interests include antennas analysis, design, development, measurement, standards, and testing; radiation, propagation, and the interaction of electromagnetic waves with discrete and continuous media; and applications and systems pertinent to antennas, propagation, and sensing, such as applied optics, millimeter-and submillimeter-wave techniques, antenna signal processing and control, radio astronomy, bioelectromagnetics, and propagation and radiation aspects of terrestrial and space-based communication, including wireless, mobile, satellite, and telecommunications at all frequencies. The Society sponsors the annual Antennas and Propagation Symposium. If you wish to purchase additional copies of publications included in your membership, please visit the [IEEE Contact Center](#).

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).

**New for 2024: Join more than one IEEE Society and receive a 5% discount.**

[Learn more.](#)

**Website:**

<http://www.ieeeaps.org>

**Membership includes** IEEE Antennas and Propagation Magazine (electronic and print), IEEE Transactions on Antennas and Propagation (electronic), IEEE Antennas and Wireless Propagation Letters (electronic), IEEE Journal on Multiscale and Multiphysics Computational Techniques (electronic), IEEE Antennas and Propagation Society Digital Library (electronic), IEEE Journal of Electromagnetics, RF and Microwaves in Medicine and Biology (electronic), IEEE Antennas and Propagation Society Resource Center (electronic), and members-only content on the AP-S website.

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

IEEE member	US\$15.00
IEEE Student member	US\$1.00
Non-IEEE member	US\$96.00

## IEEE Broadcast Technology Society Membership

Broadcasting is a one-to-many communication service in which the transmissions are intended for direct reception by the general public or a target audience, which may include audio, video and/or data services. The field of interest of the IEEE Broadcast Technology Society (BTS) shall encompass devices, equipment, techniques, and systems related to broadcast technology, including the production, distribution, wired and wireless transmission, propagation aspects, and reception. The Society sponsors the annual Broadcast Symposium in the fall and the Broadband Multimedia Symposium in the spring. If you wish to purchase additional copies of publications included in your membership, please visit the [IEEE Contact Center](#).

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).  
**New for 2024: Join more than one IEEE Society and receive a 5% discount.**

**[Learn more.](#)**

**Website:**

<https://bts.ieee.org/>

### Membership includes

IEEE Broadcast Technology Society Newsletter (electronic), IEEE Transactions on Broadcasting (electronic), IEEE Broadcast Technology Society Digital Library (electronic), and IEEE Broadcast Technology Society Resource Center (electronic)

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

IEEE member	US\$25.00
IEEE Student member	US\$10.00
Non-IEEE member	US\$106.00

## IEEE Circuits and Systems Society Membership

The focuses of the Society are on the theory, analysis, design, tools, and implementation of circuits and systems. The field spans theoretical foundations, applications, architectures, and circuits and systems implementations of algorithms for signal and information processing. The Society sponsors numerous conferences throughout the year, including the International Symposium on Circuits and Systems and various emerging technologies workshops. If you wish to purchase additional copies of publications included in your membership, please visit the [IEEE Contact Center](#).

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).

**New for 2024: Join more than one IEEE Society and receive a 5% discount.**

**Learn more.**

**Website:**

<http://www.ieee-cas.org>

**Membership includes either the Preferred or Essential Package.**

If you are a renewing member, you will renew with the Package you had in the previous Membership year. You may change your Package in the drop-down box above, or in your Cart during checkout.

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

Products/Services Included	Essential Package	Preferred Package
	<b>Price:*</b> IEEE member: US\$22.00 IEEE student: US\$11.00 Non-IEEE member: US\$103.00	<b>Price:*</b> IEEE member: US\$29.00 IEEE student: US\$18.00 Non-IEEE member: US\$110.00
IEEE Circuits and Systems Conference Digital Library	Electronic	Electronic
IEEE Circuits and Systems Society Digital Library	Electronic	Electronic
IEEE Circuits and Systems Magazine Subscription	Electronic	Electronic, Print
IEEE Circuits and Systems Society Resource Center	Electronic	Electronic
IEEE Circuits & Systems Society Newsletter	Electronic	Electronic
IEEE Transactions on AgriFood Electronics Subscription	Electronic	Electronic
*The prices shown will be halved between 1 March and 15 August. *New for 2024: Join more than one IEEE Society and receive a 5% discount.		

IEEE member	US\$22.00
IEEE Student member	US\$11.00
Non-IEEE member	US\$103.00

**#Membership price is '0' for both preferred and essential package for Indian members**

## IEEE Communications Society Membership

The IEEE Communications Society embraces science, technology, applications and standards for information organization, collection and transfer using electronic, optical and wireless channels and networks, including but not limited to: Systems and network architecture, control and management; Protocols, software and middleware; Quality of service, reliability and security; Modulation, detection, coding, and signaling; Switching and routing; Mobile and portable communications; Terminals and other end-user devices; Networks for content distribution and distributed computing; and Communications-based distributed resources control. The vision of the Society is to be the organization of choice for communications professionals throughout the world. The International Conference on Communications, among others, is sponsored annually. If you wish to purchase additional copies of publications included in your membership, please visit the [IEEE Contact Center](#).

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

Please scroll down to see the list of featured publications available to Society members.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).

## IEEE Computational Intelligence Society Membership

Focuses on computational intelligence, a collection of biologically and linguistically motivated computational paradigms, including the theory, design, application, and development of neural networks, connectionist systems, genetic algorithms, evolutionary programming, fuzzy systems, and hybrid intelligent systems. The Society sponsors various conferences, including the bi-annual IEEE World Congress on Computational Intelligence.

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).  
**New for 2024: Join more than one IEEE Society and receive a 5% discount.**  
[Learn more](#).

**Website:**

<http://www.ieee-cis.org>

**Membership includes** IEEE Computational Intelligence Magazine (electronic and digital), IEEE Transactions on Emerging Topics in Computational Intelligence (electronic), IEEE Transactions on Evolutionary Computation (electronic), IEEE Transactions on Fuzzy Systems (electronic), IEEE Transactions on Neural Networks and Learning Systems (electronic), IEEE Transactions on Games Subscription (electronic) and Society newsletter (electronic).

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

This society offers membership at a reduced dues rate, for individuals who reside in developing countries. You will receive your society membership benefits as offered by the society. Reduced fees such as unemployed, retired or minimum income are not available for Essential Package memberships, but may be applied to society Preferred Package memberships

IEEE member	US\$29.00
IEEE Student member	US\$5.00
Non-IEEE member	US\$110.00

# Prices are halved for India

## IEEE Computer Society Membership

Grow your career with membership in the IEEE Computer Society, the world's leading organization of computing and information technology professionals.

What we offer:

- Trusted content from 33 magazines and transactions
- More than 9,000 conference publications
- Standards Development
- Online learning with more than 45 Professional Development Hours available
- Learn, collaborate and network at 225 international conferences, 350+ worldwide chapters and 40 technical communities
- Beginner and Advanced Software Developer Certifications
- Deep discounts on all conferences and events
- Leadership opportunities, including the opportunity to lead, publish and speak.

Fields of interest: All major areas of computing and information technology: computer hardware, software, security, AI, multimedia, IT, networking, mobile computing, and more.

Please scroll down to see the list of featured publications available to Society members.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).

**Website:**

<http://www.computer.org>

**Membership includes** Computer and ComputingEdge subscriptions, career resources, plus professional development discounts.

Societies offer membership at a reduced dues rate, for individuals who reside in developing countries. You will receive your society membership benefits as offered by the Society.

IEEE member	US\$60.00
IEEE Student member	US\$8.00
Non-IEEE member	US\$141.00

# Prices are halved for India

## IEEE Consumer Technology Society Membership

The field of interest of IEEE CTSoc is the interdisciplinary technologies, applications, manufacturing, and standards for products, services, systems, and architectures for consumers. IEEE CTSoc conferences, transactions, magazine, activities, and special interest groups (SIGs) focus on all aspects of the modeling, design, construction, testing, and end-use of mass-market smart devices, systems, software, artificial intelligence, big data technology and services for advanced consumer products and services.

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide values of your profession. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted on the right side.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).  
**New for 2024: Join more than one IEEE Society and receive a 5% discount.**

[Learn more.](#)

**Website:**

<https://ctsoc.ieee.org/>

**Membership includes** CTSoc World Newsletter (electronic), IEEE Consumer Electronics Magazine (electronic), IEEE Transactions on Consumer Electronics (electronic), IEEE Access Section - Consumer Technology Journal (electronic), IEEE Consumer Technology Society Digital Library (electronic), and IEEE Consumer Technology Society Resource Center (electronic)

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

IEEE member	US\$30.00
IEEE Student member	US\$1.00
Non-IEEE member	US\$111.00

## IEEE Control Systems Society Membership

The Society is dedicated to the advancement of research, development, and practice in automation and control systems. It has broad technical interests in dynamical systems and control that include modeling, adaptation, estimation, optimization, feedback and software/hardware tools. Application areas include aerospace, automotive, biosystems, communication networks, finance and markets, homes and buildings, manufacturing and process industries, and micro/nano-systems. The Society publishes its research in its highly ranked journals and technical conferences. If you wish to purchase additional copies of publications included in your membership, please visit the [IEEE Contact Center](#).

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE

member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

IEEE member	US\$25.00
IEEE Student member	US\$5.00
Non-IEEE member	US\$106.00

## IEEE Dielectrics and Electrical Insulation Society Membership

The Society's interests lie in materials, measurements, numerical modeling, components, applications, and systems pertinent to dielectrics and electrical insulation. These include solids, liquids and gases; small-scale systems such as nano-dielectrics and bio-dielectrics; high-voltage and high-field phenomena; and large-scale systems such as high-power insulation applied to electricity generation, transmission, and distribution. The Society supports the basic science of dielectrics and electrical insulation through

practical applications and the development of relevant standards. The Society sponsors the annual Conference on Electrical Insulation and Dielectric Phenomena. If you wish to purchase additional copies of publications included in your membership, please visit the [IEEE Contact Center](#).

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).  
**New for 2024: Join more than one IEEE Society and receive a 5% discount.**  
[Learn more.](#)  
**Website:**

<https://ieeedeis.org/>

**Membership includes** IEEE Electrical Insulation Magazine (electronic and print), IEEE Transactions on Dielectrics and Electrical Insulation (electronic), and Society Resource Center.

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

IEEE member	US\$26.00
IEEE Student member	US\$13.00
Non-IEEE member	US\$107.00

## IEEE Education Society Membership

Focuses on the theory and practice of education and educational technology involved in the effective delivery of domain knowledge of all fields within the scope of interest of IEEE. The Society sponsors/co-sponsors various conferences throughout the year, including the

Frontiers in Education Conference.

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

<http://ieee-edusociety.org>

**Membership includes** IEEE Transactions on Education (electronic) and IEEE Revista Iberoamericana de Tecnologías del Aprendizaje (electronic).

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

## IEEE Electromagnetic Compatibility Society Membership

The Field of Interest of the Society involves engineering related to the electromagnetic environmental effects of systems to be compatible with themselves and their intended operational environment. This includes: standards, measurement techniques, and test procedures, instrumentation, equipment and systems characteristics, interference control techniques and components, education, computational analysis, and spectrum management, along with scientific, technical, industrial, professional or other activities that contribute to this field. The Society sponsors the annual EMC Symposium. If you wish to purchase additional copies of publications included in your membership, please visit the [IEEE Contact Center](#).

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE

member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).

**New for 2024: Join more than one IEEE Society and receive a 5% discount.**

[Learn more.](#)

**Website:**

<http://www.emcs.org/>

**Membership includes** either the Preferred or Essential Package.

If you are a renewing member, you will renew with the Package you had in the previous Membership year. You may change your Package in the drop-down box above, or in your Cart during checkout.

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

This society offers membership at a reduced dues rate, for individuals who reside in developing countries. You will receive your society membership benefits as offered by the society. Reduced fees such as unemployed, retired or minimum income are not available for Essential Package memberships, but may be applied to society Preferred Package memberships.

Products/Services Included	Essential Package	Preferred Package
	<b>Price:*</b> IEEE member: US\$24.00 IEEE student: US\$12.00 Non-IEEE member: US\$105.00	<b>Price:*</b> IEEE member: US\$31.00 IEEE student: US\$16.00 Non-IEEE member: US\$112.00

IEEE Transactions on Signal and Power Integrity	Electronic	Electronic
*The prices shown will be halved between 1 March and 15 August. *New for 2024: Join more than one IEEE Society and receive a 5% discount.		

#Membership price is halved for essential package for Indian members

## IEEE Electron Devices Society Membership

The field of interest for EDS is all aspects of engineering, physics, theory, experiment and simulation of electron and ion devices involving insulators, metals, organic materials, plasmas, semiconductors, quantum-effect materials, vacuum, and emerging materials. Device applications comprise bioelectronics, biomedical, computation, communications, displays, electro- and micro-mechanics, imaging, micro-actuators, optical, photovoltaics, power, sensors and signal processing. Member benefits include free online access to several publications and very low rates for many journals and conferences.

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).

**New for 2024: Join more than one IEEE Society and receive a 5% discount.**

**Membership includes** Society Newsletter (print), IEEE Electron Devices Magazine (electronic and print), IEEE Journal of Photovoltaics (electronic), IEEE Electron Device Letters (electronic), IEEE Transactions on Electron Devices (electronic), Journal of Lightwave Technology (electronic), IEDM Technical Digests (electronic), and EDS Webinar Archive.

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

IEEE member	US\$10.00
IEEE Student member	US\$5.00
Non-IEEE member	US\$91.00

## IEEE Electronics Packaging Society Membership

The Society addresses all aspects of packaging and integration of electrical, electronic, optoelectronic, biological, micromechanical and sensing components; addressing signal and power delivery, material aspects, thermal and structural design and reliability. It drives science, technology, engineering, test, modeling, simulation, design, manufacturing, interconnection and performance of integrated components. It also sponsors and provides electronics packaging education and reports on electronics packaging research worldwide.

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

IEEE member	US\$15.00
IEEE Student member	US\$8.00
Non-IEEE member	US\$96.00

## IEEE Engineering in Medicine and Biology Society Membership

IEEE Engineering in Medicine and Biology Society (EMBS) is the world's largest international society of biomedical engineers. The organization's 10,000 members reside in some 97 countries around the world. EMBS provides its members with access to the people, practices, information, ideas and opinions that are shaping one of the fastest growing fields in science.

Our members design the electrical circuits that make a pacemaker run, create the software that reads an MRI, and help develop the wireless technologies that allow patients and doctors to communicate over long distances. Our Members are interested in bioinformatics, biotechnology, biomechanics, clinical engineering, information technology, instrumentation and measurement, micro and nanotechnology, radiology, and robots. They are researchers and educators, technicians and clinicians - **biomedical engineers are the link between science and life science, creating innovations in healthcare technology for the benefit of all humanity.**

IEEE Engineering in Medicine and Biology Society Technical Communities (TCs) are formed in targeted areas of biomedical engineering and include experts from academia, industry, and government. These TCs coordinate conferences, publications and member development within their area of expertise. We welcome volunteers!

## IEEE Geoscience and Remote Sensing Society Membership

The fields of interest of the IEEE Geoscience and Remote Sensing Society are the theory, concepts, and techniques of science and engineering as they apply to the remote sensing of the earth, oceans, atmosphere, and space, as well as the processing, interpretation, and dissemination of this information. The Society sponsors various conferences

throughout the year, most notably the annual International Geoscience and Remote Sensing Symposium. If you wish to purchase additional copies of publications included in your membership, please visit the [IEEE Contact Center](#).

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

## IEEE Industrial Electronics Society Membership

The focuses of this Society are on the theory and application of electronics, controls, communications, instrumentation, and computational intelligence to industrial and manufacturing systems and processes. These activities address the latest developments in intelligent and computer control systems. The Society sponsors many conferences, most notably the annual Conference on Industrial Electronics and Applications. If you wish to purchase additional copies of publications included in your membership, please visit the [IEEE Contact Center](#).

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

IEEE member	US\$9.00
IEEE Student member	US\$5.00
Non-IEEE member	US\$90.00

## IEEE Industry Applications Society Membership

Focuses cover the global design, development, application, and management of electrical and electronic systems, apparatuses, devices, and controls for safe, reliable, and economical processes and equipment of industrial and commercial installations. The Society sponsors a variety of conferences and meetings annually. If you wish to purchase additional copies of publications included in your membership, please visit the [IEEE Contact Center](#).

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate.

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

IEEE member	US\$20.00
IEEE Student member	US\$10.00
Non-IEEE member	US\$101.00

## IEEE Information Theory Society Membership

The focus of this Society is on the processing, transmission, storage, and use of information, as well as the foundation of the communications process. Technical interests encompass theoretical and applied aspects of coding, communications, and communications networks. The Society sponsors various conferences, including the International Symposium on Information Theory.

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE

member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

## IEEE Instrumentation and Measurement Society Membership

The IEEE Instrumentation and Measurement Society's Field of Interest is the science, technology, and application of instrumentation and measurement. The Society supports the I&M community with high-quality activities, including, but not restricted to, Publications, Conferences, including the annual International Instrumentation and Measurement Technology Conference, Technical Committees and Standards. If you wish to purchase additional copies of publications included in your membership, please visit the [IEEE Contact Center](#).

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).

IEEE member	US\$29.00
IEEE Student member	US\$5.00
Non-IEEE member	US\$110.00

## IEEE Intelligent Transportation Systems Society Membership

Focus covers the theoretical, experimental, and operational aspects of electrical and electronics engineering and information technologies as applied to intelligent transportation systems (ITS). ITS are defined as those systems utilizing synergistic technologies and systems engineering concepts to develop and improve transportation systems of all kinds. The Society sponsors the annual Intelligent Transportation Systems Conference (ITSC), the Intelligent Vehicles Symposium (IVS), along with several other smaller conferences including ICVES, SOLI, ISI, and MESA (see ITSS website for details). If you wish to purchase additional copies of publications included in your membership, please visit the [IEEE Contact Center](#).

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

Joining ITSS? Add [IEEE Vehicular Technology Society Membership](#) (VTS) to your Cart to take advantage of a special discount. Both Societies must be in the Cart. Renewing your ITSS Membership? Add VTS as you renew to receive the discount.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

IEEE member	US\$26.00
IEEE Student member	US\$13.00
Non-IEEE member	US\$107.00

## IEEE Microwave Theory and Technology Society Membership

Focus is on microwave theory, techniques, and applications of RF, microwave, guided wave, and wireless technologies as they relate to components, devices, circuits, transmission lines, and systems. This includes topics such as active devices and circuits and passive components. Also covered are measurement techniques and complementary computer-aided design. The Society sponsors the annual International Microwave Symposium. If you wish to purchase additional copies of publications included in your membership, please visit the [IEEE Contact Center](#).

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

## IEEE Nuclear and Plasma Sciences Society Membership

The focus is on all phases of nuclear and plasma sciences, engineering and applications, including instrumentation, detection and measurement, particle accelerators, pulsed power, reactor systems, effects of radiation on materials and components, and medical imaging technology. The Society sponsors 14 conferences including the International Conference on Plasma Science, Pulsed Power Conference, Symposium on Fusion Engineering, Nuclear and Space Radiation Effects Conference, Nuclear Science Symposium and Medical Imaging Conference, Real-Time Conference, and the Particle Accelerator Conference.

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

IEEE member	US\$35.00
IEEE Student member	US\$5.00
Non-IEEE member	US\$116.00

## IEEE Oceanic Engineering Society Membership

Focus includes all aspects of science, engineering, and technology that address research, development, and operations pertaining to all bodies of water. This includes the creation of new capabilities and technologies from concept design through prototypes, testing, and operational systems. The Society co-sponsors two OCEANS conferences, one in North America each year and one alternating between Europe and Asia-Pacific every other year.

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

IEEE member	US\$20.00
IEEE Student member	US\$10.00
Non-IEEE member	US\$101.00

## IEEE Power & Energy Society Membership

IEEE Power & Energy Society (PES) develops standards and empowers the development of technology, software, and best practices in all areas of electric power and energy including generation, transmission, distribution and utilization to provide a reliable, resilient, safe, cost-effective and sustainable AC and DC electricity supply system to the end-user. PES focuses on current power system infrastructures and technological advancements in energy resources, smart grid and smart cities for the betterment of society.

PES members also gain access to the [IEEE PES Resource Center](#), a library with hundreds of technical reports, tutorials, conference videos, webinars, presentations and more.

PES also offers networking opportunities, access to peer-reviewed technical journals and educational materials that help our members stay up-to-date on the latest advances including renewable energy system design and integration, smart-grid technologies, electric vehicles, wholesale market design and operation, and asset management. If you wish to purchase additional copies of publications included in your membership, please visit the [IEEE Contact Center](#).

Societies offer an electronic-only membership option at a reduced rate for individuals who reside in developing countries. You will receive electronic/digital versions of your publications. Reduced fees such as unemployed, retired or minimum income are not available for the Essential package, but may be applied to the Preferred package.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).  
**New for 2024: Join more than one IEEE Society and receive a 5% discount.**  
[Learn more.](#)

## IEEE Power Electronics Society Membership

The field of interest of the Society is the development and application of power electronics technology, which encompass the effective use of electronic components, the application of circuit theory and design techniques, and the development of analytical tools toward efficient electronic conversion, control, and conditioning of electric power.

The Society sponsors the annual Applied Power Electronics Conference and Exposition, ECCE Global Series: IEEE Energy Conversion Congress & Expo, ECCE Asia, EPE ECCE-Europe which include technical sessions, tutorials, and informal discussion sessions.

If you wish to purchase additional copies of publications included in your membership, please visit the [IEEE Contact Center](#).

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

**#Membership price is halved for essential package for Indian members**

## IEEE Product Safety Engineering Society Membership

The Society focuses on the theory, design, development and practical implementation of product safety engineering methodologies and techniques for equipment and devices. This includes the study and application of analysis techniques, construction topologies, testing methodologies, conformity assessments, and hazard evaluations. The Society provides a focus for cooperative activities, including the promotion of product safety engineering for the benefit of humanity.

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).  
**New for 2024: Join more than one IEEE Society and receive a 5% discount.**  
[Learn more](#).

**Website:**

<http://ewh.ieee.org/soc/pses/>

**Membership includes** Society Newsletter (electronic) and online Community for Society Members.

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

IEEE member	US\$35.00
IEEE Student member	US\$18.00
Non-IEEE member	US\$116.00

## IEEE Professional Communication Society Membership

The Professional Communication Society's interests include the study, preparation, production, delivery, use, improvement, and promotion of human communication in all media in engineering and other technical and professional environments.

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).  
**New for 2024: Join more than one IEEE Society and receive a 5% discount.**

[Learn more](#).

**Website:**

<https://procomm.ieee.org/>

**Membership includes** IEEE Transactions on Professional Communication (electronic), Society newsletter (electronic), and access to the society website.

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

IEEE member	US\$31.00
IEEE Student member	US\$16.00
Non-IEEE member	US\$112.00

## IEEE Reliability Society Membership

The Reliability Society is concerned with the strategies and the best practices for attaining, assessing, assuring, and sustaining system reliability throughout its life cycle. The Society sponsors numerous conferences, most notably the annual Reliability Physics Symposium.

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).  
**New for 2024: Join more than one IEEE Society and receive a 5% discount.**

[Learn more](#).

**Website:**

<http://rs.ieee.org>

**Membership includes** Society Newsletter (electronic), IEEE Transactions on Reliability (electronic), IEEE Reliability Magazine (electronic), IEEE Reliability Society Resource Center, and IEEE Reliability Society Digital Library (electronic).

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

IEEE member	US\$20.00
IEEE Student member	US\$8.00
Non-IEEE member	US\$101.00

#Prices are halved for Indian members

## IEEE Robotics and Automation Society Membership

Focus is on both applied and theoretical issues in robotics and automation. Robotics is here defined to include intelligent machines and systems; whereas automation includes the use of automated methods in various applications to improve performance and productivity. The Society sponsors a number of conferences, including the annual International Conference on Robotics and Automation.

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).  
**New for 2024: Join more than one IEEE Society and receive a 5% discount.**

[Learn more](#).

**Website:**

<http://www.ieee-ras.org>

**Membership includes** IEEE Robotics and Automation Magazine (electronic and digital), IEEE Transactions on Robotics (electronic), IEEE Transactions on Automation Science and Engineering (electronic), IEEE Robotics and Automation Letters (electronic), and Society Resource Center (electronic).

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

IEEE member	US\$9.00
IEEE Student member	US\$5.00
Non-IEEE member	US\$90.00

## IEEE Signal Processing Society Membership

Signal processing is the enabling technology for the generation, transformation, extraction, and interpretation of information. It comprises the theory, algorithms with associated architectures and implementations, and applications related to processing information contained in many different formats broadly designated as signals. Signal processing uses mathematical, statistical, computational, heuristic, and/or linguistic

representations, formalisms, modeling techniques and algorithms for generating, transforming, transmitting, and learning from signals. The Society sponsors various conferences, including the International Conference on Acoustics, Speech, and Signal Processing. If you wish to purchase additional copies of publications included in your membership, please visit the [IEEE Contact Center](#).

Societies offer an electronic-only membership option at a reduced rate for individuals who reside in developing countries. You will receive electronic/digital versions of your publications. Reduced fees such as unemployed, retired or minimum income are not available for the Essential package, but may be applied to the Preferred package.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).  
**New for 2024: Join more than one IEEE Society and receive a 5% discount.**  
[Learn more.](#)

**Website:**

<http://www.signalprocessingsociety.org>

**Membership includes** either the Preferred or Essential Package.

If you are a renewing member, you will renew with the Package you had in the previous Membership year. You may change your Package in the drop-down box above, or in your Cart during checkout.

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

Societies offer membership at a reduced dues rate, for individuals who reside in developing countries. You will receive your society membership benefits as offered by the society. Reduced fees such as unemployed, retired or minimum income are not available for Essential Package memberships, but may be applied to society Preferred Package memberships.

Products/Services Included	Essential Package	Preferred Package
	<b>Price:*</b> IEEE member: US\$22.00 IEEE student: US\$1.00 Non-IEEE member: US\$103.00	<b>Price:*</b> IEEE member: US\$39.00 IEEE student: US\$20.00 Non-IEEE member: US\$120.00

**#Membership price is halved for essential package for Indian members**

## IEEE Society on Social Implications of Technology Membership

The field of interest is to facilitate understanding of the complex interaction between technology, science and society, including impact on individuals and society in general, ethics, professional and social responsibility in the practice of engineering, science, and technology, and open discussion on the resulting issues.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).

**New for 2024: Join more than one IEEE Society and receive a 5% discount.**

IEEE member	US\$33.00
IEEE Student member	US\$4.00
Non-IEEE member	US\$114.00

## IEEE Solid-State Circuits Society Membership

Focuses are on the design, implementation, and application of solid-state integrated circuits for all applications, including computers, communications, signal processing, and optoelectronics. The Society sponsors and/or co-sponsors various conferences throughout the year, including the International Solid-State Circuits Conference. If you wish to purchase additional copies of publications included in your membership, please contact the [IEEE Contact Center](#).

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

# IEEE Systems, Man, and Cybernetics Society Membership

The field of interest is the integration of the theories of communication, control, cybernetics, stochastics, optimization and system structure towards the formulation of a general theory of systems; development of systems engineering technology including problem definition methods, modeling, and simulation, methods of system experimentation, human factors engineering data and methods, systems design techniques and test and evaluation methods; Applications of the above to the analysis and design of biological, ecological, socio-economic, social service, computer information, and operational human-machine systems.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).

**New for 2024: Join more than one IEEE Society and receive a 5% discount.**

[Learn more](#).

**Website:**

<http://www.ieeesmc.org>

**Membership includes** IEEE Systems, Man and Cybernetics Magazine (digital and electronic), IEEE Transactions on Systems, Man, and Cybernetics: Systems (electronic), IEEE Transactions on Cybernetics (electronic), IEEE Transactions on Human-Machine Systems (electronic), IEEE Transactions on Computational Social Systems (electronic), and IEEE Systems, Man, and Cybernetics Society Digital Library (electronic), and Society Resource Center (electronic).

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

IEEE member	US\$12.00
IEEE Student member	US\$6.00
Non-IEEE member	US\$93.00

## IEEE Technology and Engineering Management Society Membership

Encompasses the management sciences and practices required for defining, implementing, and managing engineering and technology. Specific topics of interest include, but are not limited to: technology policy development, assessment, and transfer; research; product design and development; manufacturing operations; innovation and entrepreneurship; program and project management; strategy; education and training; organizational development and human behavior; transitioning to management; and the socioeconomic impact of engineering and technology management.

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).

**Website:**

<http://www.ieee-tems.org/>

**Membership includes** IEEE Engineering Management Review (electronic), IEEE Transactions on Engineering Management (electronic), and TEMS Leader (electronic).

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

IEEE member	US\$40.00
IEEE Student member	US\$20.00
Non-IEEE member	US\$121.00

**#Prices are halved for Indian members**

## IEEE Ultrasonics, Ferroelectrics, and Frequency Control Society Membership

The theory, technology, materials, and applications relating to the generation, transmission, and detection of ultrasonic waves and related phenomena; medical ultrasound, and associated technologies; ferroelectric, piezoelectric, and piezomagnetic materials; frequency generation and control, timing, and time coordination and distribution. This interest ranges from fundamental studies to the design and/or applications of devices, sensors, systems, and manufacturing technologies within the general scope defined above. The Society sponsors the International Frequency Control Symposium, the International Symposium on Applications of Ferroelectrics, and the International Ultrasonics Symposium.

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).

**New for 2024: Join more than one IEEE Society and receive a 5% discount.**

#Prices are halved for Indian members

## IEEE Vehicular Technology Society Membership

Focuses are on land, airborne, and maritime mobile and portable communications services; vehicular electro-technology, automotive industry equipment and systems; and traction power, signals, communications, and control systems. The Society sponsors and/or co-sponsors various conferences, including the International Symposium on Wireless Vehicular Communications and the annual Vehicular Technology Conference. If you wish to purchase additional copies of publications included in your membership, please visit the IEEE Contact Center.

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

Joining VTSS? Add [IEEE Intelligent Transportation Systems Society Membership](#) (ITSS) to your Cart to take advantage of a special discount. Both Societies must be in the Cart. Renewing your VTS Membership? Add ITSS as you renew to receive the discount.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).

**Website:**

<http://www.vtsociety.org>

**Membership includes** "The Mobile World" Newsletter (electronic), IEEE Vehicular Technology Magazine (electronic and print), and Society Resource Center.

In addition, as a member of the Society, you will receive communications about networking opportunities, conferences, meetings, special events, other member benefits, and more.

IEEE member	US\$18.00
IEEE Student member	US\$9.00
Non-IEEE member	US\$99.00

# Councils

## IEEE Biometrics Council

The [IEEE Biometrics Council](http://www.ieee-biometrics.org/) supports work in biometric technology by focusing on advancements in the theory, design and application of biometric characterization of human beings based on the physiological and/or behavioral features and traits for:

- Identification;
- Identity verification;
- Authentication;
- Encryption;
- Recognition.

The Biometrics Council sponsors a number of publications, conferences and events that provide participants the opportunity to publish and collaborate on research, network with colleagues, stay current on news and events, develop standards, and participate in educational activities.

There are no membership requirements to join; participation in this Technical Council is free.

### **Website:**

<http://www.ieee-biometrics.org/>

IEEE member	US\$0.00
IEEE Student member	US\$0.00
Sponsoring society member	US\$0.00
Sponsoring society student member	US\$0.00
Non-IEEE member	US\$0.00

## IEEE Council on Electronic Design Automation

The [IEEE Council on Electronic Design Automation \(CEDA\)](#) focuses on the theory, implementation, and use of EDA/CAD tools to design integrated electronic circuits and embedded systems. This includes tools that automate all levels of the design, analysis, and verification of hardware and embedded software, up to and including complete working systems.

CEDA sponsors well-recognized, international conferences and publications, including:

- [IEEE Embedded Systems Letters \(ESL\)](#)
- [IEEE Design & Test \(D&T\)](#)
- [IEEE Transactions on Computer Aided Design of Integrated Circuits & Systems \(TCAD\)](#)
- Design Automation Conference (DAC)
- International Conference on Computer-Aided Design (ICCAD)
- Embedded Systems Week (ESweek)
- Design Automation and Test in Europe (DATE)
- European Test Symposium (ETS)
- Asian and South-Pacific Design Automation Conference (ASPDAC)

Through CEDA sponsored activities, participants have the opportunity to publish and collaborate on research, network with colleagues, stay current on news and events, develop standards, and participate in educational activities.

There are no membership requirements to join; participation in this Technical Council is free.

## IEEE Council on RFID

The IEEE Council on RFID focuses on the theory and practice of matters relating to RFID (radio frequency identification) and RFID-related systems.

Council-sponsored activities provide participants the opportunity to publish and collaborate on research, network with colleagues, stay current on news and events, develop standards, and participate in educational activities. If you would like to hear about these activities and other IEEE Council on RFID programs, simply select "Add Item" and check out for no charge. We welcome your participation!

There are no membership requirements to join; participation in this Technical Council is free.

Non-IEEE member	US\$0.00

## IEEE Council on Superconductivity

The [IEEE Council on Superconductivity](http://ieeecsc.org/) promotes programs and activities that cover the science and technology of superconductors and their applications, including:

- Small-scale analog and digital electronic circuits and systems;
- Large-scale systems in MRI and power; and
- Superconducting materials.

The Council sponsors well-recognized, international conferences, including:

- Applied Super Conductivity Conference (ASC);
- International Superconductive Electronics Conference (ISEC);
- International Conference on Magnet Technology (MT).

Council-sponsored activities provide participants the opportunity to publish and collaborate on research, network with colleagues, stay current on news and events, develop standards, and participate in educational activities.

There are no membership requirements to join; participation in this Technical Council is free.

## IEEE Nanotechnology Council

The [IEEE Nanotechnology Council](#) focuses on the advancement and coordination of work in the field of Nanotechnology. The Council is a multi-disciplinary group supporting the theory, design, and development of nanotechnology and its scientific, engineering, and industrial applications. The Council sponsors well-recognized, international conferences and publications, including:

- [IEEE Transactions on Nanotechnology](#)
- [IEEE Transactions on NanoBioscience](#)
- [IEEE Nanotechnology Magazine](#)
- International Conference on Nanotechnology (NANO)
- IEEE Nanotechnology Materials and Devices Conference (NMDC)
- IEEE International Conference on Nano/Micro Engineered and Molecular Systems (NEMS) IEEE International Conference on Nano/Molecular Medicine and Engineering (NANOMED)

Through the Council's sponsored activities, participants have the opportunity to publish and collaborate on research, network with colleagues, stay current on news and events, develop standards, and participate in educational activities.

There are no membership requirements to join; participation in this Technical Council is free.

## IEEE Sensors Council

The [IEEE Sensors Council](#) focuses on the theory, design, fabrication, manufacturing and application of devices for sensing and transducing physical, chemical, and biological phenomena. With an emphasis on the electronics, physics, and reliability aspects of sensors and integrated sensor-actuators, the Council sponsors well-recognized, international conferences and publications, including:

- [IEEE Sensors Journal](#)
- [IEEE Sensors Letters](#)
- [IEEE Internet of Things Journal](#)
- [IEEE SENSORS Conference](#) - the Council's flagship annual conference
- IEEE International Conference on Intelligent Sensors, Sensors Networks and Information Processing (ISSNIP)
- IEEE International Symposium on Inertial Sensors and Systems (INERTIAL)
- IEEE International Conference on Internet of Things
- IEEE International Conference on Flexible and Printable Sensors and Systems (FLEPS)

Council-sponsored activities provide participants the opportunity to publish and collaborate on research, network with colleagues, stay current on news and events, develop standards, and participate in educational activities.

There are no membership requirements to join; participation in this Technical Council is free.

## IEEE Systems Council

The **IEEE Systems Council** integrates IEEE activities regarding aspects of multiple disciplines and specialty areas of systems engineering, and covers, but is not limited to, the following:

- Systems Thinking
- Systems engineering, education, standards, processes, methodologies
- Systems modeling, simulation, integration, resilience
- Robust design, safety and human factors, security, usability, environmental aspects
- Product transition: design, production, test, deployment, disposal
- Program and project management
- Quality assurance
- Mission assurance
- Requirements development and management
- Risk management
- Systems architecture
- Systems-of-systems

Through the Council's sponsored activities, including the well-recognized IEEE International Systems Conference and the IEEE Systems Journal, participants have the opportunity to publish and collaborate on research, network with colleagues, stay current on news and events, develop standards, and participate in educational activities. The Council also maintains a Distinguished Lecturer Program in which Council members may participate.

There are no membership requirements to join; participation in this Technical Council is free.

## IEEE Transportation Electrification Council

The Field of Interest of the Council is the design, integration, manufacturing, standards, life cycle, and operation of electrified vehicles, machines, systems, related infrastructure, and interaction with energy systems. The field of interest spans all modes of transportation (on road, off road, rail, air, water, and others) of people and goods as well as the technologies, systems, and networks needed for the electrification of transportation.

106	IEEE Robotics and Automation Technical Community	Autonomous Ground Vehicles
107	IEEE Robotics and Automation Technical Community	Bio Robotics
108	IEEE Robotics and Automation Technical Community	Cognitive Robots
109	IEEE Robotics and Automation Technical Community	Collaborative Automation for Flexible Manufacturing
110	IEEE Robotics and Automation Technical Community	Computer and Robotic Vision
111	IEEE Robotics and Automation Technical Community	Cyborg and Bionic Systems
112	IEEE Robotics and Automation Technical Community	Digital Manufacturing and Human Centered Automation

113	IEEE Robotics and Automation Technical Community	Energy, Environment, and Safety Issues
114	IEEE Robotics and Automation Technical Community	Haptics
115	IEEE Robotics and Automation Technical Community	Human Movement Understanding
116	IEEE Robotics and Automation Technical Community	Human-Robot Interaction and Coordination
117	IEEE Robotics and Automation Technical Community	Humanoid Robotics
118	IEEE Robotics and Automation Technical Community	Machine Learning for Automation
119	IEEE Robotics and Automation Technical Community	Marine Robotics
120	IEEE Robotics and Automation Technical Community	Mechanisms and Design
121	IEEE Robotics and Automation Technical Community	Micro/Nano Robotics and Automation
122	IEEE Robotics and Automation Technical Community	Mobile Manipulation
123	IEEE Robotics and Automation Technical Community	Model-Based Optimization for Robotics
124	IEEE Robotics and Automation Technical Community	Multi-Robot Systems
125	IEEE Robotics and Automation Technical Community	Neuro-Robotics System
126	IEEE Robotics and Automation Technical Community	Performance Evaluation & Benchmarking
127	IEEE Robotics and Automation Technical Community	Rehabilitation and Assistive Robotics
128	IEEE Robotics and Automation Technical Community	RoboCup
129	IEEE Robotics and Automation Technical Community	Robot Ethics
130	IEEE Robotics and Automation Technical Community	Robot Learning
131	IEEE Robotics and Automation Technical Community	Robotic Hands, Grasping and Manipulation
132	IEEE Robotics and Automation Technical Community	Robotics & Automation in Nuclear Facilities
133	IEEE Robotics and Automation Technical Community	Robotics Research for Practicality
134	IEEE Robotics and Automation Technical Community	Safety, Security and Rescue Robotics
135	IEEE Robotics and Automation Technical Community	Semiconductor Manufacturing Automation
136	IEEE Robotics and Automation Technical Community	Smart Buildings

137	IEEE Robotics and Automation Technical Community	Soft Robotics
138	IEEE Robotics and Automation Technical Community	Software Engineering for Robotics Automation
139	IEEE Robotics and Automation Technical Community	Space Robotics
140	IEEE Robotics and Automation Technical Community	Surgical Robotics
141	IEEE Robotics and Automation Technical Community	Sustainable Production Automation
142	IEEE Robotics and Automation Technical Community	Telerobotics
143	IEEE Robotics and Automation Technical Community	Verification of Autonomous Systems
144	IEEE Robotics and Automation Technical Community	Wearable Robotics
145	IEEE Robotics and Automation Technical Community	Whole-Body Control
146	IEEE	Smart Cities Community
147	IEEE	Smart Grid Community
148	IEEE	Software Defined Networks Community
149	IEEE	Sustainable ICT Community
150	IEEE Vehicular Technology Society Technical Community	Connected Vehicles
151	IEEE	TechEthics Community

# Publications

## **List of Publications:**

1. [Bell Labs Technical Journal](#)
2. [China Communications Magazine Electronic and Print Subscription](#)
3. [Communications Society Digital Library Plus](#)
4. [Communications Surveys and Tutorials Electronic Subscription](#)
5. [Computing in Science & Engineering Magazine Electronic Subscription](#)
6. [IEEE Access](#)
7. [IEEE Aerospace and Electronic Systems Conferences Digital Library](#)
8. [IEEE Aerospace and Electronic Systems Magazine Print Subscription](#)
9. [IEEE Annals of the History of Computing Electronic Subscription](#)
10. [IEEE Antennas and Propagation Magazine Print Subscription](#)
11. [IEEE Antennas and Wireless Propagation Letters Electronic Subscription](#)
12. [IEEE BITS the Information Theory Magazine Electronic and Print](#)
13. [IEEE Broadcast Technology Society Digital Library](#)
14. [IEEE Canadian Review \(Digital\)](#)
15. [IEEE Canadian Review \(Print\)](#)
16. [IEEE Circuits and Systems Magazine Print Subscription](#)
17. [IEEE Circuits and Systems Society Digital Library](#)
18. [IEEE Combined Power Electronics and Systems Journals Electronic Subscription](#)
19. [IEEE Communications Letters Electronic Subscription](#)
20. [IEEE Communications Magazine Electronic Access](#)
21. [IEEE Communications Society Digital Library](#)
22. [IEEE Communications Standards Magazine Electronic](#)
23. [IEEE Computational Intelligence Magazine Print Subscription](#)
24. [IEEE Computer Architecture Letters Electronic Subscription](#)
25. [IEEE Computer Graphics and Applications Magazine Electronic Subscription](#)
26. [IEEE Computer Magazine Print Subscription](#)
27. [IEEE Computer Society Digital Library](#)
28. [IEEE Computer Society Periodicals Package Electronic Subscription](#)
29. [IEEE Consumer Electronics Magazine Electronic and Print Subscription](#)

30. [IEEE Consumer Technology Society Digital Library](#)
31. [IEEE Control Systems Letters Electronic](#)
32. [IEEE Control Systems Print Subscription](#)
33. [IEEE Control Systems Society Digital Library](#)
34. [IEEE DataPort Individual Subscription](#)
35. [IEEE DataPort Open Access](#)
36. [IEEE Design and Test Magazine Electronic and Digital Subscription](#)
37. [IEEE EMB Electronic Resource](#)
38. [IEEE Electrical Insulation Magazine Print Subscription](#)
39. [IEEE Electrification Magazine Electronic Subscription](#)
40. [IEEE Electromagnetic Compatibility Magazine Electronic Subscription](#)
41. [IEEE Electromagnetic Compatibility Society Digital Library](#)
42. [IEEE Electron Device Letters Print Subscription](#)
43. [IEEE Electron Devices Magazine \(Print\)](#)
44. [IEEE Embedded Systems Letters Electronic Subscription](#)
45. [IEEE Engineering Management Review Print Subscription](#)
46. [IEEE Geoscience and Remote Sensing Letters Electronic Subscription](#)
47. [IEEE Geoscience and Remote Sensing Magazine Electronic Subscription](#)
48. [IEEE Geoscience and Remote Sensing Society Digital Library](#)
49. [IEEE Industrial Electronics Magazine Electronic Subscription](#)
50. [IEEE Industrial Electronics Society Digital Library](#)
51. [IEEE Industry Applications Magazine Digital Subscription](#)
52. [IEEE Industry Applications Magazine Print Subscription](#)
53. [IEEE Industry Applications Society Digital Library](#)
54. [IEEE Information Theory Society Digital Library](#)
55. [IEEE Instrumentation and Measurement Magazine Electronic Subscription](#)
56. [IEEE Intelligent Systems Magazine Electronic Subscription](#)
57. [IEEE Intelligent Transportation Systems Magazine Electronic Subscription](#)
58. [IEEE Internet Computing Magazine Electronic Subscription](#)
59. [IEEE Internet of Things Journal Electronic Subscription](#)
60. [IEEE Internet of Things Magazine Electronic](#)
61. [IEEE Journal of Biomedical and Health Informatics Electronic Subscription](#)
62. [IEEE Journal of Electromagnetics, RF and Microwaves in Medicine and Biology Electronic](#)
63. [IEEE Journal of Emerging and Selected Topics in Industrial Electronics \(Print\)](#)

64. [IEEE Journal of Emerging and Selected Topics in Power Electronics Print Subscription](#)
65. [IEEE Journal of Microwaves](#)
66. [IEEE Journal of Oceanic Engineering Electronic Subscription](#)
67. [IEEE Journal of Photovoltaics Print Subscription](#)
68. [IEEE Journal of Quantum Electronics Print Subscription](#)
69. [IEEE Journal of Radio Frequency Identification Electronic](#)
70. [IEEE Journal of Selected Areas in Sensors](#)
71. [IEEE Journal of Selected Topics in Applied Earth Observations and Remote Sensing Electronic Sub.](#)
72. [IEEE Journal of Selected Topics in Quantum Electronics Print Subscription](#)
73. [IEEE Journal of Selected Topics in Signal Processing Electronic Subscription](#)
74. [IEEE Journal of Solid-State Circuits Print Subscription](#)
75. [IEEE Journal of Translational Engineering in Health and Medicine](#)
76. [IEEE Journal of the Electron Devices Society](#)
77. [IEEE Journal on Emerging and Selected Topics in Circuits and Systems Print Subscription](#)
78. [IEEE Journal on Exploratory Solid-State Computational Devices and Circuits](#)
79. [IEEE Journal on Flexible Electronics](#)
80. [IEEE Journal on Indoor and Seamless Positioning and Navigation](#)
81. [IEEE Journal on Miniaturization for Air and Space Systems Electronic](#)
82. [IEEE Journal on Multiscale and Multiphysics Computational Techniques Electronic Subscription](#)
83. [IEEE Journal on Selected Areas in Communications Electronic Subscription](#)
84. [IEEE Journal on Selected Areas in Information Theory](#)
85. [IEEE Letters on Electromagnetic Compatibility Practice and Applications Electronic](#)
86. [IEEE Letters on Systems, Man and Cybernetics](#)
87. [IEEE Magnetics Letters Electronic Subscription](#)
88. [IEEE Magnetics Society Package Print](#)
89. [IEEE Member Digital Library](#)
90. [IEEE Member Digital Library Basic](#)
91. [IEEE Micro Magazine Electronic Subscription](#)
92. [IEEE Microwave Magazine Electronic Subscription](#)
93. [IEEE Microwave Theory and Techniques Conference Digital Library](#)
94. [IEEE Microwave Theory and Techniques Periodical Package Electronic Subscription](#)

95. [IEEE Microwave and Wireless Technology Letters Print Subscription](#)
96. [IEEE MultiMedia Magazine Electronic Subscription](#)
97. [IEEE Nanotechnology Magazine Electronic Subscription](#)
98. [IEEE Network Magazine Electronic](#)
99. [IEEE Networking Letters Electronic](#)
100. [IEEE Open Access Journal of Power and Energy](#)
101. [IEEE Open Journal of Antennas and Propagation](#)
102. [IEEE Open Journal of Circuits and Systems](#)
103. [IEEE Open Journal of Control Systems](#)
104. [IEEE Open Journal of Engineering in Medicine and Biology](#)
105. [IEEE Open Journal of Immersive Displays](#)
106. [IEEE Open Journal of Industry Applications](#)
107. [IEEE Open Journal of Intelligent Transportation Systems](#)
108. [IEEE Open Journal of Nanotechnology](#)
109. [IEEE Open Journal of Power Electronics](#)
110. [IEEE Open Journal of Signal Processing](#)
111. [IEEE Open Journal of Systems Engineering](#)
112. [IEEE Open Journal of Ultrasonics, Ferroelectrics, and Frequency Control](#)
113. [IEEE Open Journal of Vehicular Technology](#)
114. [IEEE Open Journal of the Communications Society](#)
115. [IEEE Open Journal of the Computer Society](#)
116. [IEEE Open Journal of the Industrial Electronics Society](#)
117. [IEEE Open Journal of the Instrumentation and Measurement](#)
118. [IEEE Open Journal of the Solid-State Circuits Society](#)
119. [IEEE PULSE: A Magazine published by the IEEE EMB Society Electronic Subscription](#)
120. [IEEE Pervasive Computing Electronic Subscription](#)
121. [IEEE Photonics Journal Electronic](#)
122. [IEEE Photonics Society USB Collection Subscription](#)
123. [IEEE Photonics Technology Letters Print Subscription](#)
124. [IEEE Potentials Magazine Print Subscription](#)
125. [IEEE Power & Energy Society Digital Library](#)
126. [IEEE Power Electronics Magazine Electronic Subscription](#)
127. [IEEE Power and Energy Magazine Electronic Subscription](#)
128. [IEEE Power and Energy Magazine Spanish Language Digital Edition](#)
129. [IEEE Reliability Magazine Electronic](#)
130. [IEEE Reviews in Biomedical Engineering Electronic Subscription](#)

- 131. [IEEE Revista Iberoamericana de Tecnologías del Aprendizaje Electronic Subscription](#)
- 132. [IEEE Robotics and Automation Digital Library](#)
- 133. [IEEE Robotics and Automation Letters Electronic Subscription](#)
- 134. [IEEE Robotics and Automation Magazine Print Subscription](#)
- 135. [IEEE Robotics and Automation Transactions Package Electronic Subscription](#)
- 136. [IEEE Security and Privacy Magazine Electronic Subscription](#)
- 137. [IEEE Sensors Journal Electronic Subscription](#)
- 138. [IEEE Sensors Letters](#)
- 139. [IEEE Signal Processing Letters Electronic Subscription](#)
- 140. [IEEE Signal Processing Magazine Print Subscription](#)
- 141. [IEEE Signal Processing Periodical Package Electronic Subscription](#)
- 142. [IEEE Software Magazine Electronic Subscription](#)
- 143. [IEEE Solid-State Circuits Letters Electronic](#)
- 144. [IEEE Solid-State Circuits Magazine Electronic Subscription](#)

- 146. [IEEE Systems Journal Electronic Subscription](#)
- 147. [IEEE Systems, Man and Cybernetics Magazine Electronic Subscription](#)
- 148. [IEEE Technology and Society Print Subscription](#)
- 149. [IEEE Trans on Systems, Man, and Cybernetics: Systems Print Subscription](#)
- 150. [IEEE Trans on Ultrasonics, Ferroelectrics, and Frequency Control Electronic Subscription](#)
- 151. [IEEE Trans. on Computer-Aided Design of Integrated Circuits and Systems Electronic Sub.](#)
- 152. [IEEE Trans. on Instr. and Meas. and IEEE Instr. and Meas. Mag. Electronic Subscription](#)
- 153. [IEEE Transactions on Aerospace and Electronic Systems Electronic Subscription](#)
- 154. [IEEE Transactions on Affective Computing Electronic Subscription](#)
- 155. [IEEE Transactions on AgriFood Electronics](#)
- 156. [IEEE Transactions on Antennas and Propagation Print Subscription](#)
- 157. [IEEE Transactions on Applied Superconductivity Electronic Subscription](#)
- 158. [IEEE Transactions on Artificial Intelligence](#)

- 159. [IEEE Transactions on Automatic Control Electronic Subscription](#)
- 160. [IEEE Transactions on Automation Science and Engineering Print Subscription](#)
- 161. [IEEE Transactions on Big Data Electronic Subscription](#)
- 162. [IEEE Transactions on Biomedical Circuits and Systems Print Subscription](#)
- 163. [IEEE Transactions on Biomedical Engineering Electronic Subscription](#)
- 164. [IEEE Transactions on Biometrics, Behavior and Identity Science Electronic](#)
- 165. [IEEE Transactions on Broadcasting Electronic Subscription](#)
- 166. [IEEE Transactions on Circuits and Systems for Video Technology Print Subscription](#)
- 167. [IEEE Transactions on Circuits and Systems, Part I: Regular Papers Print Subscription](#)
- 168. [IEEE Transactions on Circuits and Systems, Part II: Express Briefs Print Subscription](#)
- 169. [IEEE Transactions on Cloud Computing Electronic Subscription](#)
- 170. [IEEE Transactions on Cognitive Communications and Networking Electronic Subscription](#)
- 171. [IEEE Transactions on Cognitive and Developmental Systems Electronic Subscription](#)
- 172. [IEEE Transactions on Communications Electronic Subscription](#)
- 173. [IEEE Transactions on Components, Packaging and Manufacturing Technology Print Subscription](#)
- 174. [IEEE Transactions on Computational Imaging Electronic Subscription](#)
- 175. [IEEE Transactions on Computational Social Systems Electronic Subscription](#)
- 176. [IEEE Transactions on Computers Electronic Subscription](#)
- 177. [IEEE Transactions on Consumer Electronics Electronic Subscription](#)
- 178. [IEEE Transactions on Control Systems Technology Electronic Subscription](#)
- 179. [IEEE Transactions on Control of Network Systems Electronic Subscription](#)
- 180. [IEEE Transactions on Cybernetics Print Subscription](#)
- 181. [IEEE Transactions on Dependable and Secure Computing Electronic Subscription](#)

- 182. [IEEE Transactions on Device and Materials Reliability Electronic Subscription](#)
- 183. [IEEE Transactions on Dielectrics and Electrical Insulation Print Subscription](#)
- 184. [IEEE Transactions on Education Electronic Subscription](#)
- 185. [IEEE Transactions on Electromagnetic Compatibility Print Subscription](#)
- 186. [IEEE Transactions on Electron Devices Print Subscription](#)
- 187. [IEEE Transactions on Emerging Topics in Computational Intelligence Electronic](#)
- 188. [IEEE Transactions on Emerging Topics in Computing](#)
- 189. [IEEE Transactions on Energy Conversion Electronic Subscription](#)
- 190. [IEEE Transactions on Energy Markets, Policy and Regulation Subscription](#)
